

# PROTECT YOUR INVESTMENT PAYMENT PROTECTION PLAN

Plan available for all cash and finance customers.\*

**Job security can't always be guaranteed. If you were made redundant or found yourself out of work due to illness, you and your family would still need to get around.**

How would you continue to finance your car?  
How would you travel to and from the hospital?

**“ You only have to be off work as a result of an accident or sickness for 15 consecutive days, or 30 consecutive days as a result of unemployment for Payment Protection to claim for benefit. ”**

You would still need to meet your repayments if you wanted to keep your car. Could you really manage without your own transport?

- No medicals or separate forms to complete
- **Cover can start from the day of your agreement**
- No repayments until your back to work
- **Cover lasts until your finance agreement ends**
- If you settle your finance early, the settlement figure will include a refund of premium.

**please ask a member of staff for more details...**

**HENSON MOTOR GROUP**

new and used car supermarkets
